

The background is a Romantic-style landscape painting. It depicts a river or stream flowing through a lush green valley. On the right, a woman in a blue dress and a small child are walking along a dirt path that leads towards the water. The sky is filled with dramatic, swirling clouds in shades of blue and grey. In the foreground, there's a small wooden pier or dock extending into the water. The overall mood is serene yet powerful, characteristic of 19th-century landscape art.
